**Summary of reasons  
for classification:**

The computer image file printout entitled *Untitled (1)* is classified as:

Objectionable except if the availability of the publication is restricted to persons who have attained the age of 18 years.

*Untitled (1)* is a printout of a poor quality computer image file which depicts a man and a woman caught in a casual sexual pose. The strong and explicit sexual content of the publication requires restriction to an adult audience to avoid any injury to the public good because of the way this material may unduly influence and impact upon younger and more impressionable persons. This classification represents the minimum interference of the freedom of expression as guaranteed under s14 of the New Zealand Bill of Rights Act 1990.
